# About This Resource:

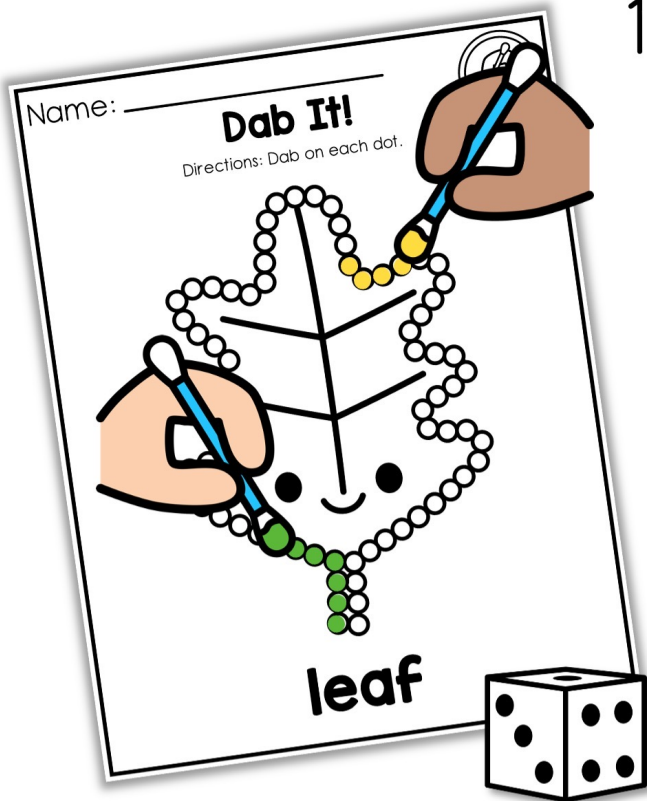

This pack includes 12 fall-themed dabbing pages.

How to Use:

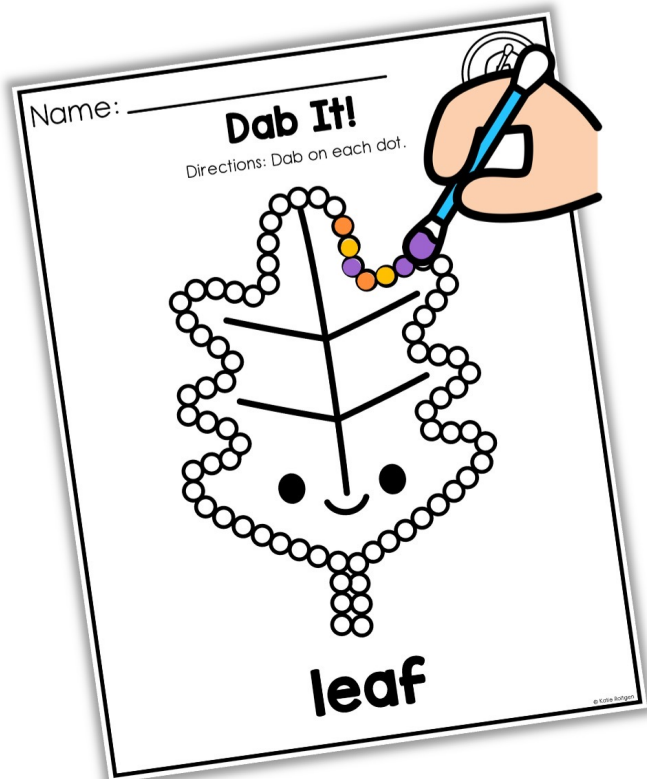

Students will dip a cotton swab into ink or paint. Then they will dab the tip of the cotton swab on each circle.

# Extension Ideas:

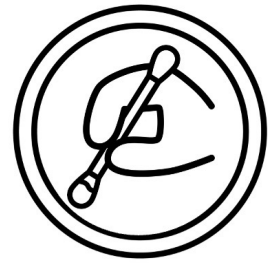

1. Partner Game: Have each student pick a color ink pad or paint to use. Provide each pair with a six-sided die. Students will take turns rolling and dabbing that many dots. The player who has dabbed the most dots when there are none left is the winner!

2. Patterning: Have students complete the dabbing in a pattern. For example, try an ABC pattern of orange, yellow, purple.
